# *How to find an In Network Vision Provider*

1. The member would just need to go to www.myuhc.com or www.myuhcvision.com

2. On the landing page they click on "Find a Vision Provider"

3. Then the member clicks on "Employer and Individual Plans"

4. Then the member enters in their zip code where they live in and clicks on continue.
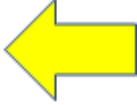

**United Healthcare**

# Search by your location to find a plan

Enter a street address, city & state or 5 digit zip code.

Street Address, City & State, Zip Code

**Continue**

5. Then the member selects either "people, places or online vision providers" most likely it will be people.

UNITEDHEALTHCARE VISION PLANS                                   CHANGE PLAN ›

Search for providers and services            🔍 **Search**

### Find Care by Category

**People**
Optometrists and
Ophthalmologists

**Places**
Private Practice and Retail
Chains that provide eye
exams and/or eyewear

**Online Providers**
Shop for eyewear online at
these in-network providers

6. Then a list of In Network Vision providers will populate for a 20 mile radius around that zip code that can be increased or decreased.
